

Newsletter Term 2 / Week 8 - 4th June 2020

From the Deputy Principal

Kia Ora Koutou,

This week has seen the return of students working in their collaborative teams, it has been lovely to see how seamlessly this transition has occurred and hearing the stories from students and teachers about how much they are enjoying being together. There is a very settled feeling walking through the different learning spaces and talking to the children. This week also marks the return of the Connecting Minds programme as well as the feeder schools visiting for their technology programme in the mornings. Our band programme has also started back up this week and we are looking forward to hearing the various instruments being played throughout the day tomorrow.

We would like to thank you for your continued support at Alert Level 2, this includes the drop off and pick up of your children and also keeping vigilant about personal hygiene. We have been very impressed with how well the students have been keeping up with sanitising regularly. It has also been heartening to see older siblings taking care of their younger siblings by ensuring they get to the right learning space and on some occasions giving them a farewell hug. We would like to remind you though, that before and after school the staff car park is a very busy place as many of our students are entering through the Sculpture gate, can you please refrain from dropping your child/ren off in the car park in the morning (unless authorised) as it can be extremely hazardous.

As you may be aware the Government is making a decision about moving to Alert Level 1 next week. At this stage we have not received any guidance from the Ministry about what that may mean for us as a school. As soon as we receive any information and have worked through any implications for the school we will be sharing it with you.

It has definitely felt like winter this week with the continuing cooler temperatures. In this cooler weather it is important that all the students have a warm layer to put on when they go outside, we do appreciate you supporting us to ensure this is happening. With the need to have more layers the students are often likely to take these off when they move spaces, to ensure that we can reunite them with their fleeces and jackets can you please make sure they are well labelled.
